

Dunchurch Boughton C of E Infant Academy and Nursery

Roots to grow. Wings to fly.

Newsletter number: 24

Date: 13.03.2026

It has been another busy week in school. The highlight of the week has been our year two children performing a Mother's Day service this afternoon for a special female in their life. The videos that were shared as part of the service were a lovely testament to how special the children's Mums are to them and are something to treasure. We are very proud of how the children sang and spoke, well done to all the children. A huge thank you to all the year two staff who have worked hard to put the service together.

Thank you to the PTA for running the 'Choc shop' this week. The children have enjoyed choosing a gift for someone special in their lives. It is really appreciated that the PTA are able to run such events for our children.

If you haven't yet seen Dojo, please do check the message that shows that we are fully open on the 19th March. Once again, we apologise that it has taken us so long to be able to confirm this with you. National Grid visited the site this morning and are confident that they can set up a generator to power the site for the day.

For everyone celebrating this weekend, we wish you a happy Mother's Day. Have a lovely weekend.

Suzanne Marson

Spotlight on

We have a progressive approach to teaching writing at Dunchurch Boughton C of E Infant Academy and Nursery.

Whilst in nursery, children have the opportunity to access a wide range of writing and drawing implements. They build their fine motor skills and draw shapes such as lines and circles. There are opportunities to do this on a large scale using items such as wet brushes on walls, paint onto large paper and making large movements as part of core strength. There are also opportunities to do this on a small scale such as using pens and pencils on paper. Children begin to use scissors, begin to use letter shapes in their name and assign meaning to their marks. Children also take part in pre-handwriting skills sessions guided by an adult, building their fine motor skills.

When children join reception, children continue to experience building their fine and gross motor skills in provision, along with taking part in writing lessons as part of 'drawing club'. During drawing club, children learn about stories, vocabulary and assign a code to their picture through writing. At the start of the year, they will focus on writing the initial sounds in words. Children will quickly progress to learning to write CVC (consonant, vowel, consonant) words as they learn their graphemes as part of phonics lessons. Children then learn to write a caption, followed by a noun phrase (e.g. the red dog) before learning how to write a simple sentence that is punctuated correctly. By the end of reception, we aim that children can form their letters correctly, use their phonics skills for spelling and independently write simple sentences that can be read by others.

In year one, we continue to focus on the firm foundations of writing, including forming letters correctly and writing simple sentences that correctly use finger spaces, capital letters and full stops. Children are taught how to write coherently, linking sentences written together. Lessons are taught that use sentence stems, teaching the children how to start their sentences in different ways, along with opportunities for independent writing.

Spotlight on

As the children move through the year, they continue to write for a purpose and start to introduce genres in a simple way, such as writing a set of instructions or non-fiction information about a topic.

As children move into year two we use a structured approach to teach writing. Children learn to write through a range of genres such as story writing, instructions, non-chronological reports and character profiles. Within each unit of writing, children learn to identify:

1. A hook for learning. There may be an experience provided linked to writing. For example, making an item that a set of instructions is then written for.
2. The features that are found in the text such as headings, vocabulary types, layout and punctuation. The children are also taught the purpose of the text e.g. a set of instructions tells you how to do something.
3. Children have the opportunity to learn from strong examples that demonstrate what is needed within the genre – ‘what a good one looks like’.
4. Skills are taught that the children will use within their writing as part of this unit. For example, writing in the present tense or using the conjunction because within writing.
5. A clear outline for the structure of the writing is created, including teaching of any key skills.
6. The final piece of writing is planned for.
7. The writing experience takes place
(writing may be chunked, and step 6 and 7 may take place several times within a unit)
8. The children are taught and have the opportunity to review, edit and add to their writing.

The full set of writing skills that the children develop, including spelling expectations, can be found in the writing curriculum page on the website.

Diary Dates

Thursday 19th March	Both the Infant and Junior school are open despite the power outage.
Friday 20 th March	Passport to world views afternoon Children will be learning about the festival of Eid al Fitr.
Tuesday 24th March	Easter Service Rev. Ian will be leading an Easter service for all children in the school hall.
Wednesday 25 th March	Parents Evening—day 1 You are invited to come into school for a 10 minute slot to talk about your child's progress so far this academic year. Please book your slot via the information received from the school office from 8pm on Thursday 26 th February. Appointments are available from 3:30 pm—6:30pm.
Thursday 26 th March	Parents Evening—day 2 You are invited to come into school for a 10 minute slot to talk about your child's progress so far this academic year. Please book your slot via the information received from the school office from 8pm on Thursday 26 th February. Appointments are available from 3:30 pm—6:30pm.

* School and nursery are closed to all children during bank holidays, training days and holiday periods.

In Collective Worship

this week ...

In collective worship this week we have been thinking about the Parable of the unforgiving servant, linked to our half termly value of forgiveness.

In our Picture News worship session, we considered how robots impact our daily lives, and what they might look like in the future.

We have also enjoyed a singing worship session, and are particularly enjoying singing 'Sing our an Easter song' ready for our Easter service with Rev. Ian in the last week of half term.

Christian Value this *half term*

Learning Behaviour this *half term*

Recap Rabbit

* I can read through my work with an adult and correct a mistake.

** I can read through my work independently to make corrections.

*** I can make additions to my work to make improvements.

Mental Health Support

Mental Health in Schools Team
Tips For Wellness

Self-Care

Self-care is all about the little things we do to help ourselves feel better or to keep ourselves feeling good. This is a great way to look after our mental health and wellbeing. Self-care involves 'checking in' with yourself and thinking 'how do I feel today?' and understanding 'what do I need today?' Self-care looks different for everybody. What works for one person may not work for someone else!

Our tips for self-care:

- Taking time-out when we are feeling overwhelmed
- Making time for an activity which makes us feel good e.g., taking a bath, listening to music, going for a walk, or playing a game you enjoy
- Doing the basic things to look after ourselves e.g., eating and sleeping well
- Practise self-care by asking yourself the questions in the box below:

How do I feel today? What do I need today? Do I need physical or mental self-care? When can I add self-care into my day? Make time to do it! Repeating these Self-Care check-ins at least once each day can help improve our mental health.

Make time for a relaxation activity. Scan the QR codes below for more information around self-care. Why not try the mindfulness activities in the QR codes below too!

Watch the Mindfulness animation! The Mindfulness in Schools Project has lots of other great resources too!

In Coventry and Warwickshire, for any urgent mental health concerns, contact the RISE Crisis Helpline available 24/7, by calling NHS 111. Alternatively, call 999 or visit A&E in an emergency, for example if medical attention is required.

MHST are available to support you and your school throughout the school year including term time and school holidays.

Please contact your school's Mental Health Lead for

Book of the week

Title: Dear Zoo

Author: Rod Campbell

Recommended by: Mrs Binczik

Children in Nursery have been learning all about animals this term and one of our favourite stories particularly for our Owlets children is Dear Zoo. In the book, a child writes a letter to the zoo and asks them to send a pet. The zoo tries very hard—but oh dear! The first animal is **much too big**, and another one is **much too fierce**! Each time you lift a flap, you get to see which animal has arrived. You'll meet a tall giraffe, a heavy elephant, a jumpy frog, and even a cheeky monkey. Some animals would make very funny pets, don't you think?

But don't worry—the zoo doesn't give up. At the end, they send the **perfect pet**... and it's a very sweet one.

If you like guessing games and animals, *Dear Zoo* is the perfect story for you. I hope you enjoy discovering which animal is hiding on each page!

E-Safety tip of the week

What is Roblox?

Roblox is a platform consisting of a collection of games. Players can either create games or play games that other users have created. It is free to download (however subscription options and in game/app purchases are available) and can be played across numerous devices.

A lot of the content is user generated, which may mean not all games will be suitable for your child to view/play. If your child is playing Roblox, it is important to monitor what your child is accessing and set up appropriate parental controls.

PEGI rate Roblox with a Parental Guidance label, this is because it is difficult to rate due to the huge level of user generated content.

New Parental Features Roblox have released three new parental controls for your child's Roblox account.

These are:

1. Friend blocking - you can now block anyone on your child's friends list that you do not want them direct messaging.
2. Experience blocking – you can now block any specific experiences (games) that you do not want your child to access.
3. Top game insights - you can now see the 20 experiences (games) your child has spent the most time on in the last week.
