

Dunchurch Boughton C of E Infant Academy and Nursery

Roots to grow. Wings to fly.

Newsletter number: 23

Date: 06.03.2026

We've had a great week this week and have enjoyed making the most of the sunshine when it has made an appearance! We have enjoyed promoting reading for pleasure this week. The children in years reception, year one and year two had a great time experiencing the story of Alice in Wonderland brought to life by the Bubble Theatre Company on Tuesday. Thank you to Mrs Menzies for arranging this for the children, and to the PTA for generously agreeing to fund this for everyone. There were some fantastic World Book Day costumes on Thursday, and the children enjoyed sharing and discussing stories with one another. The whole school focussed their learning on the book 'Flotsam', a wordless book full of beautiful illustrations. Look out for a display going up in the corridor shortly!

As you may have seen on Dojo, our new displays have been installed across the school this week. We are really pleased with how our designs have come to life. The children are particularly enjoying locating events on the large timeline. Do have a look at the different areas around school when you come in for Parent's evening. An example of these displays can be spotted in the background of the large picture below!

Please do ensure that any library books you have at home are returned to school on Monday morning at the latest. We look forward to purchasing new books for the library once we have audited the stock that we have in place.

Did you know that we have a large group of published illustrators in school? The children pictured in the group photograph below all created a 'Monter Mayhem' design, with the illustrations now featuring in a published book. Huge congratulations to Rosie whose design was chosen from all the entries across the country to feature on the front page!

Thank you for your ongoing support this week. Have a lovely weekend.

Suzanne Marson

Spotlight on

Early Support

Early Support is short term support that we can offer to families who may be experiencing difficulties. The purpose of Early Support is to put the right support in at the right time, supporting families to resolve any difficulties. Mrs Owen and Mrs Binczik are our Early Support Leads and are both Deputy Designated Safeguarding Leads. More information regarding Early Support can be seen below, with support also available through the [Family Information Service website](#). If you would like to discuss Early Support, please contact Mrs Owen or Mrs Binczik via Class Dojo or the school office.

Is Early Support something I have to do if it is recommended?

No, it is an entirely voluntary process. It is there to help you and your family to provide the right support at the right time to help reduce any difficulties that you may be experiencing. We will involve you in every step of the process, and the voices of yourself and your child are important as they will inform how we can help.

How could you help me and my family?

We offer universal support for families as well as targeted help. You can access universal support through our website and the Family Information Service website, where there are signposts to useful information, advice and guidance on a variety of topics. The Family Information Service website provides links to a range of courses for parents and carers. Help is also at hand from Family Support Workers on the Family Support Line – 01926 412412. Some situations will benefit from a 'team around the family' with professionals and the family working together in a join, coordinated way. This is called an Early Support Pathway to change and includes an assessment and review meetings.

Spotlight on

What is the Early Support Pathway Assessment?

This is an assessment which professionals can use with families to help them to understand what is happening for them. Professionals can then work together as a team with you and your family to help improve things. A professional who is already working with you will normally lead the process. This could be school or another profession. They will work with you to identify what is causing any difficulties in your family. Alongside other professionals, they will help you to resolve these issues by providing the right support. Specific actions are discussed in the meetings that you will attend. Everybody in the meeting is clear about what needs to happen and by when, and this is recorded on an action plan which is reviewed regularly. The intervention is short term and normally lasts no more than 6 months.

Who is my main point of contact in school if my family receives Early Support?

For school aged children this will be Mrs Owen. For nursery aged children this will be Mrs Binczik.

Who will have my information?

Each family's needs are unique so this will depend on the services that are supporting your identified needs. We work closely with other agencies; however, we will only ever share information on a need to know basis. There may be times when we will need to talk to other agencies to make sure you and your family are safe. This could be because a child or adult is at risk of harm or if a crime could be prevented.

Parenting workshops and programs

There are a range of free online and face-to-face workshops and programs available for parents and carers in Warwickshire to access, including support with managing your child's behaviour, anxiety, sleep routines and boundaries. Please see the Family Information Service website or the Family Support box later in the newsletter for more information.

Diary Dates

Any new dates will
be added in red

W/C 9th March	Science week Throughout science week, the children will take part in a variety of hands-on experiments, exciting investigations, and themed activities tailored to their year group. We'll also be focusing on the importance of asking questions and thinking like scientists.

* School and nursery are closed to all children during bank holidays, training days and holiday periods.

In Collective Worship

this week ...

In collective worship this week we have used Picture News to have a debate – should children have to wear uniform in school? Speak to your child and see what they say!

We have been exploring the theme of temptation linked to the story of Jesus spending 40 days and 40 nights in the desert. There are some adults who have been given a chocolate egg in school – can they resist the temptation of eating them until the end of Lent? The children have been checking throughout the week!

We have also enjoyed worshipping through singing.

* I can read through my work with an adult and correct a mistake.

** I can read through my work independently to make corrections.

*** I can make additions to my work to make improvements.

Mental Health Support

The poster features the MHST logo with colorful flowers and a lightbulb. It includes a QR code labeled 'Dimensions tool' and text about free online personalised self-care information. The main title is 'Nutrition' and it explains the importance of nutrition for physical health and brain function. It lists four tips: 1. Get involved in the cooking, 2. Make it fun, 3. Try something new, and 4. Keep Hydrated. It also provides contact information for the MHST team and the RISE Crisis Helpline.

MHST
Mental Health in Schools Team
Tips For Wellness

Nutrition

Nutrition refers to the nutrients in food and how our body uses them to stay strong and healthy. There are lots of positive benefits for our **physical health**, nutrition is also really important for our **mental health**!

Our brain works hard taking care of our thoughts, movements, breathing, heartbeat and senses (even when we are sleeping!), so we must fuel our brain with nutritious foods to help us function. This can help us to think clearly, increase our energy levels and support concentration. What we eat also affects our mood too!

Our tips:

1. **Get involved in the cooking** - Can you help your parent/carer to prepare dinner? This can be a fun way to spend time with others and learn a new skill.
2. **Make it fun** - There are lots of different ways different foods can be prepared. You could try experimenting putting different food together to see what you like and don't like.
3. **Try something new** - When was the last time you tried a new food? It can be exciting to find out what food we like and don't like. Also, our tastes can change as we grow and develop. See if you can set yourself a challenge to try a new food this week.
4. **Keep Hydrated** - Dehydration could lead to headaches, difficulty focusing and may impact sleep. Try to ensure you are regularly drinking water, it can be useful to bring a bottle of water to school every day to remind you to stay hydrated!

In Coventry and Warwickshire, for any urgent mental health concerns, contact the RISE Crisis Helpline available 24/7, by calling NHS 111. Alternatively, call 999 or visit A&E in an emergency, for example if medical attention is required.

MHST are available to support you and your school throughout the school year including term time and school holidays.

Please contact your school's Mental Health Lead for information and advice.

Book of the week

Title: Why Elephant has a Trunk

Author: Edward Gakuya and Claudia Lloyd

Recommended by: Mrs Requena

Over the last two weeks the children in Nursery have enjoyed looking at lots of different animals with a focus on animals living in hot countries. We've enjoyed reading and listening to the Tinga Tinga Tales which are stories inspired by animals from Africa. One of the books we have looked at and enjoyed is Why Elephant has a Trunk which is a funny story where elephant has no nose and can't smell. Elephant gets a bit smelly and the animals try to find a way to help him, eventually crocodile helps make his nose grow.....

E-Safety tip of the week

Minecraft

Minecraft is rated as PEGI 7, meaning it is suitable for those over 7 years of age. Minecraft is a game where players can create worlds using blocks. There are two different modes – creative and survival. In creative mode, users can build what they wish and have unlimited resources whereas in survival mode, players must gather resources, find food and defend themselves against mobs. Survival mode may include mild violence and scary characters.

You should be aware that there is a multiplayer option available where players can chat to each other. In-app purchases are also available to buy items such as skins, so ensure purchases are disabled or that a password or PIN is required to make them. Ensure appropriate parental controls are applied, on both Minecraft and the console itself.

Find out more here: <https://www.minecraft.net/en-us/article/parental-controls>
