

Dunchurch Boughton C of E Infant Academy and Nursery

Roots to grow. Wings to fly.

Newsletter number: 22

Date: 27.02.2026

Welcome back to school! We all hope that everyone had a good half term break; the children have been keen to share what they did during this time. We are looking forward to a great half term ahead, full of learning, play and experiences for the children.

Some highlights from this week! On Wednesday, reception welcomed the Police into school as part of their topic work. The children enjoyed listening to the Police Officer talk, along with exploring the uniform and the Police Car. Nursery have been focusing on Lunar New Year this week and particularly enjoyed a dragon dance as part of their PE lessons. Year one have started their science work based on plants by exploring what a plant needs to grow, and year two made the most of the sunshine and enjoyed an outdoor PE lesson starting their PE unit of Tag Rugby.

Thank you to those who have booked their Parent's Evening appointments so far. Please do book your slot so that you can discuss your child's progress and attainment with their class teacher.

I am delighted to share some lovely news with you. Miss Ansell is expecting her second baby! We are absolutely thrilled for her and wish her and her family every happiness as they prepare for this exciting new chapter. Miss Ansell will begin her maternity leave shortly after the Easter break, with her final day in school being Wednesday 15th April.

Thank you for all your support and understanding this week. Have a lovely weekend.

Suzanne Marson

Headteacher

Pupil achievements this week

Learning behaviour of the week (based on the half termly learning behaviour focus)

Owlets:	Auden	Spotty Owls:	Eva	Stripy Owls:	Oscar

Maths – Concrete, Pictorial and Abstract

At Dunchurch Infants, we use the maths mastery approach to teach maths. As part of our maths teaching, we ensure that there are concrete objects (actual physical objects) available for children to use throughout their learning. These are also referred to as manipulatives. Concrete objects can range from real life objects, for example if nursery or reception children are solving a problem about apples they may use apples to solve the problem, to mathematical equipment. Some of the mathematical equipment we use in school can be seen below. Examples of how we use these are:

- A dice face to subitise (instantly recognise) arrangements to 6
- Cubes to measure, count and represent calculations
- Counters to count, add, subtract and represent numbers, including in fives and tens frames, and in part whole models
- Place value counters, straws and base ten equipment to represent the number of tens and ones in a number, or to support with calculations
- Bead strings and rekenreks to count and solve problems involving number bonds
- Numicon to recognise numbers and to represent the number of tens and ones in a number
- Part whole and bar models, using concrete equipment to represent calculations within them

We might use the same equipment to represent numbers in different ways. For example, the number 29 could be represented in different ways as per the image below:

Spotlight on

Maths – Concrete, Pictorial and Abstract

Following on from using equipment, we may use pictorial representations to support children within maths. Children will recognise and use pictures of objects, mathematical equipment and representations, as well as creating their own pictorial representations. As a bridge, children may manipulate actual resources alongside the pictorial representation. Once the children are secure, there may be lessons where children are no longer manipulating the physical resources but will benefit from the support that the pictorial representations provide. Some examples of pictorial representations that may be used throughout the school can be seen below.

Array	Columns	Rows	Adding
	<u>3</u> columns	<u>6</u> rows	$6 + 6 + 6 = 18$
	<u>6</u> balls in each column	<u>3</u> balls in each row	$3 + 3 + 3 = 9$ $+ 3 + 3 = 18$

Once children are secure, abstract representations may be used. This is where children will encounter questions made up of numbers and symbols, or key vocabulary, alone such as in the examples below. This does not mean that children do not have access to physical manipulatives of pictorial methods. We teach the children how we can use the previously taught methods to support them when answering abstract questions.

$$30 + 40 + 10 = \boxed{} \quad 80 - \boxed{} = 50 \quad \frac{1}{2} \text{ of } 40 = \boxed{}$$

Amy's number has **8 tens** and **7 ones**.

Write her number.

A puzzle has **40** pieces.

Ben places **6** pieces into the puzzle.

Amy places **19** pieces into the puzzle.

How many pieces are **left** to finish the puzzle?

Attendance Weekly Summary

Whole School: 96.7% (Target 87%)

* School and nursery are closed to all children during bank holidays, training days and holiday periods.

In Collective Worship

this week ...

In collective worship this week we have taken part in a live Picture News assembly linked to Lunar New Year. We have also considered Shrove Tuesday as this occurred over the half term holiday, and St David's day in advance of this weekend.

Did you know that Shrove Tuesday is the day before Lent begins in the Christian calendar? Traditionally, it was a time for people to reflect, say sorry for things they wanted to put right, and prepare for the season of Lent. It also became a practical day for using up rich ingredients like eggs, milk, and sugar before the fasting period started — which is why many people enjoy making pancakes!

Christian Value this *half term*

Learning Behaviour this *half term*

Recap Rabbit

* I can read through my work with an adult and correct a mistake.

** I can read through my work independently to make corrections.

*** I can make additions to my work to make improvements.

Free online personalised self-care information & support for adults and children in Coventry & Warwickshire

Relaxation

Relaxation is when our mind and body is free from stress and tension. Research has found that this can help us to think clearly, concentrate, sleep well, feel more confident and even boost our immune system!

Relaxation can look different for everyone, and it can be helpful to try a few different relaxation techniques to see what works best to make you feel happy and rested.

Our Tips for Relaxation:

- 1- Try some **breathing exercises**, such as finger breathing or square breathing. Breathing exercises are great as you can do them in any place, at any time. Follow the QR code to try flower and candle breathing!
- 2- **Drawing or colouring** can help you to express your feelings and focus on something peaceful. This is a great way to relax your mind!
- 3- Practice **mindfulness** by taking a break away from any screens and devices. This could be going on a walk or being outside in nature. Try to use as many of your senses as possible, think about what you can see, hear, smell, touch and even taste! You could even try cloud watching to calm your mind.
- 4- **Stretch** it out, practice yoga to stretch out your muscles to relax and reduce tension. Try following the QR code for a yoga video!
- 5- A warm **bath or shower** can be a soothing experience that helps to relax muscles and calm your mind. You could make it extra relaxing with quiet music and bubbles!

In Coventry and Warwickshire, for any urgent mental health concerns, contact the RISE Crisis Helpline available 24/7, by calling NHS 111. Alternatively, call 999 or visit A&E in an emergency, for example if medical attention is required.

MHST are available to support you and your school throughout the school year including term time and school holidays.
Please contact your school's Mental Health Lead for information and advice.

Book of the week

Title: Finding life: A prehistoric search and find

Author: Sophie Williams

Recommended by: Mrs Marson

Get ready to zoom back in time! This exciting book takes readers on a colourful journey through the history of life on our planet. Each page shows a different moment from Earth's past, starting with the very first tiny life forms and travelling all the way to the modern day. It's not just a story, it's also a search-and-find adventure! Every page is packed with bright, detailed illustrations hiding amazing creatures from long ago.

E-Safety tip of the week

How can I help make the internet a safer environment?

- Check the age rating of each app and restrict access until they reach that age.
- Set up age-appropriate parental controls, for example set content restrictions and screen time limits.
- Chat to your child about what they are doing online, including who they are following and interacting with online.
- Restrict devices in their bedrooms.
- Show your child how to use any reporting and blocking tools

Free Spring Tennis Festival – 9-15 March 2026

Come and try tennis for **FREE** at Rugby Lawn Tennis Club during our Spring Tennis Festival. We're running a variety of fun, active sessions throughout the week for children aged **4–11 years**.

Tennis is a fantastic sport for young people — it's enjoyable, inclusive, and helps children develop confidence, coordination, teamwork, and resilience both on and off the court.

How to book:

Online booking is essential as we only have a limited number of spaces available

- <https://inspire2coach.co.uk/try-tennis/>

Easter Tennis Camps

We are also running tennis camps on selected dates throughout the Easter break.

Families can view availability and book online via our website: <https://inspire2coach.co.uk/summer-camps/>

Early bird offer:

Get **10%** your basket automatically applied when booking 21 days in advance of camp date
