

What a busy week! Year one have walked around the village, we have focussed on mental wellbeing for children's mental health week, Tuesday was internet safety day. we have had our third passport to world views afternoon and year two have taken part in a live WWF lesson with Steve Backshall! As you may have seen on Dojo, Mrs Owen and Mrs Rawes, with fantastic support from our PTA, are working on improving the quality of children's outdoor playtimes. So far we have some new resources, supported by donations from parents, and changes to how play is organised outside. These developments are all part of our commitment to creating a more engaging, active and imaginative playtime experience for every child. We are grateful to a small group of parents, assisted by some little helpers, who gave up their time over the weekend to put together a large mud kitchen for us. We would like to thank them for their help in making this possible, including all the work that they have done behind the scenes. The children are certainly very grateful and have been thoroughly enjoying the equipment this week!

Please can we ask everyone to help keep our school community and local neighbourhood safe by parking considerately during drop off and pick up times. In recent weeks, we have received concerns from local residents about cars blocking driveways, vehicles parked on pavements, and cars stopping or parking in ways that make it difficult for pedestrians to move safely around the area, including at junctions and on corners. We understand that school drop-off and pickup can be busy, but small acts of consideration make a big difference. Your support helps us maintain positive relationships with our neighbours and ensures the safety of all our children. We would also like to remind parents that, unless it is an emergency, the school car park should not be used for parental parking or for morning drop offs. Several staff members have experienced delays because cars have blocked access due to parking just inside the entrance or in the middle of the car park. Thank you for your support with this.

As we come to the end of another busy half term, I want to take a moment to thank you for your continued support. The children have worked incredibly hard over the past few weeks, and we are proud of the progress they have made both in their learning and in the positive attitudes they bring to school each day. We look forward to welcoming the children back on Tuesday 24th February, refreshed, recharged, and ready for another exciting half term of learning.

Suzanne Marson
Headteacher

be added in red

Upcoming Dates:

Tuesday 24th February	Children return to school after Half Term
Tuesday 24th February	Stand up to bullying day Children will be learning about what bullying is and isn't as part of collective worship.
24th –27th February	Book Fair Please come and take a look at our scholastics book fair every day after school between Tuesday 24th February to Friday 27th February 2026. It will be held in the library and open to parents and carers from 3:20pm.
Thursday 26th February	Parents Evening Bookings go live. Book your parent's evening slot from 8pm today, using information sent home from the school office.
Monday 2nd March	Wonderland Theatre Performance More details to follow.
Thursday 5th March	World Book Day! Children are invited to come to school dressed as their favourite book character. There will be more exciting events taking place over the course of the week, more information to follow.
W/C 9th March	Science week Throughout science week, the children will take part in a variety of hands-on experiments, exciting investigations, and themed activities tailored to their year group. We'll also be focusing on the importance of asking questions and thinking like scientists.
Friday 13th March	Mother's Day service—Year 2 parents Year two Mums, or a female representative in their place, are welcome to join their children for a Mother's Day year group collective worship. Please enter the school via the school office for a 2:30pm start in the school hall. Only one adult per child please.
Friday 20th March	Passport to world views afternoon Children will be learning about the festival of Eid al Fitr.
Wednesday 25th March	Parents Evening—day 1 You are invited to come into school for a 10 minute slot to talk about your child's progress so far this academic year. Please book your slot via the information received from the school office from 8pm on Thursday 26th February. Appointments are available from 3:30 pm—6:30pm.

Upcoming dates:

Thursday 26th March	Parents Evening—day 2 You are invited to come into school for a 10 minute slot to talk about your child's progress so far this academic year. Please book your slot via the information received from the school office from 8pm on Thursday 26th February. Appointments are available from 3:30 pm—6:30pm.
Friday 27th March	Passport to world views afternoon Children will learn about the festival of Rama Navami.
Friday 17th April	Return to Reception Parents invited to visit Reception at 2:15pm to see their child learn in the reception environment. A chance to see just how far they have come! One parent per child please.

Spotlight on

Dunchurch Infants Internet Safety and online support

Be-safety

- S - Speak to somebody if you need help
- A - Ask an adult before going online
- F - Friends are real people we know
- E - Enjoy, play, have fun and stay safe

How is internet safety taught in school?

We teach the children online safety through 'be-safety'. There is an online safety focus in each year group during each half term, teaching the children age appropriate understanding of how to keep themselves safe online.

Internet safety stories

One way to support children to develop an awareness of internet safety is through stories. There are many age appropriate stories that address internet safety topics on our website [here](#).

Social media

We advise that parents do not allow children open access to any social media platforms, including You Tube. Children can easily access unsuitable content if they are accessing sites whilst unsupervised.

Research shows that children are most concerned by the accidental viewing of unsuitable content online.

What can you do if you are worried?

Talk to the staff in school who will be happy to help.

Children are taught to report anything that they are worried about online to an adult in school or at home.

The following links may help:

<https://www.ceopeducation.co.uk/parents/>

<https://www.commonsensemedia.org/>

<https://www.ceop.police.uk/safety-centre/>

Monitor your child's activity online

We recommend that children are always within the eyesight of an adult when accessing online content. There are apps that you can use to support with monitoring online activity such as <https://www.qustodio.com/en/>

Screen time

'Screen time' refers to any time spent looking at a screen. It is recommended that screen time is limited before bed-time, stopping the use of screens at least one to two hours before the time a child is due to go to bed.

ONLINE SAFETY FOR UNDER 5s

10 Top Tips for Parents and Carers

According to Ofcom's most recent research, a significant proportion of children are already online by the time they start school, with 17% of 5-year-olds owning their own mobile phone and 50% using messaging platforms. As becoming familiar with technology is generally encouraged in younger children – and has been essential for education during the pandemic – it is crucial that trusted adults recognise both the benefits and the risks of infants and toddlers using digital devices. We've compiled our top tips to help the under-5s start their online safety journey.

1 USE DEVICES TOGETHER

This lets you monitor and control what your child is using the device for. It also provides the interaction that supports children's understanding of what they're seeing – allowing them to ask you questions, and so on.

PARENT CODE:

6 BLOCK IN-APP PURCHASES

If your child uses a device that's linked to a payment method (such as a bank card), use the parental controls to block buys from app stores, as well as in-app purchases. That will prevent your child from accidentally spending money while on your device.

2 ACTIVATE PARENTAL CONTROLS

Most digital devices have built-in parental controls that can limit the type of content children have access to. If your little one uses any device (even borrowing yours), it's a good idea to explore what controls the device has and enable them whenever they have access to it.

7 CHOOSE SAFE APPS AND SITES

There are some fantastic apps and platforms that are specifically designed to be safer for children. Always check the PEGI age rating before downloading an app, and test it yourself before allowing your child to use it.

3 MANAGE SCREEN TIME

This can be tricky, especially if your child is interested in a certain video, app or game. Try to agree on some ground rules and get your child into a routine which includes certain times of the day when they go without devices.

8 INVOLVE THE FAMILY

If your toddler has older siblings, it's likely that their rules for device use will be different – and that they'll access content that isn't appropriate for younger ones (a particular worry if they share devices). Encourage the whole family to be good role models and help little ones stay safe online.

4 TALK ABOUT BEING SAFE ONLINE

Just like we teach children about being safe in the real world, we need to educate them about how to stay safe online. Use age-appropriate language to help them understand, and plenty of hand gestures can reinforce what you're telling them.

9 IF IN DOUBT, ASK

The easiest way to find out what your child is doing online is usually just to talk about it with them. Developing an open dialogue at an early age helps them grow up feeling able to talk to you about their digital life – providing opportunities to intervene if you're concerned.

5 SET A GOOD EXAMPLE

Children often learn by watching and copying those around them, and using digital devices is no exception. When you're around your child, try to follow the same rules that you've set for them. Let them see you balancing your time online with interacting with people in real life, too.

10 SUPPORT CREATIVE & ACTIVE PLAY

Physical and creative activities are important for a child's wellbeing, and there are plenty of ways to incorporate technology into that. For example, you could encourage games that require physical movement; dance and sing along to songs your child loves; and follow step-by-step crafting videos.

Meet Our Expert

Konstantina Moustaka is a professional development and EYF5 coordinator at an 'outstanding' nursery school in London. She has been working as a nursery and early years practitioner, both in the UK and internationally, for the past 18 years.

ONLINE CONTENT

10 tips to keep your children safe online

The internet has transformed the ability to access content. Many apps that children use are dependent on user-generated content which can encourage freedom of expression, imagination and creativity. However, due to the sheer volume uploaded every day, it can be difficult for platforms to regulate and moderate everything, which means that disturbing or distressing images, videos or audio clips can slip through the net. That's why we've created this guide to provide parents and carers with some useful tips on keeping children safe online.

1 MONITOR VIEWING HABITS

Whilst most apps have moderation tools, inappropriate content can still slip through the net.

2 CHECK ONLINE CONTENT

Understand what's being shared or what seems to be 'trending' at the moment.

3 CHECK AGE-RATINGS

Make sure they are old enough to use the app and meet the recommended age-limit.

4 CHANGE PRIVACY SETTINGS

Make accounts private and set content filters and parental controls where possible.

5 SPEND TIME ON THE APP

Get used to how apps work, what content is available and what your child likes to watch.

6 LET CHILDREN KNOW YOU'RE THERE

Ensure they know that there is support and advice available to them if they need it.

7 ENCOURAGE CRITICAL THINKING

Talk about what people might post online and why some posts could cause distress.

8 LEARN HOW TO REPORT & BLOCK

Always make sure that children know how to use the reporting tools on social media apps.

9 KEEP AN OPEN DIALOGUE

If a child sees distressing material online; listen to their concerns, empathise and offer reassurance.

10 SEEK FURTHER SUPPORT

If a child has been affected by something they've seen online, seek support from your school's safeguarding lead.

BOOK OF THE WEEK

Title: The Teddy Robber

Author: Ian Beck

Recommended by: Barn Owls

The Teddy Robber is a fun and gentle story about a boy named Tom who loves his teddy bear. One night, his teddy goes missing, and Tom decides to find out what happened. He discovers a big, mysterious Teddy Robber who has been taking teddies from lots of children.

Even though the Teddy Robber looks a little scary at first, Tom soon learns that he isn't mean at all. He's actually lonely and wants friends to cuddle. Tom helps him understand that taking toys isn't the right way to make friends, and everything ends happily.

Can you help? One of our parents has been offered a new job and is looking for a childminder who can drop off at school. If this is something you would be able to help with and you are happy for us to pass on your details, please let the school office know!

Kindness

Kindness means being friendly, generous, and considerate to others. It's all about showing care and respect through our actions and our words.

Random Acts of Kindness Day is celebrated each year on **February 17th**, however you can practice random acts of kindness all year round!

Ideas for random acts of kindness

Here are some easy ideas to spread kindness:

- Give compliments – A genuine compliment can make someone's day brighter.
- Hold the door open for someone.
- Share a smile – Smiling at people can help to boost their mood.
- Send a thank you note – Write a note of appreciation to someone who has helped you.
- Be a good listener – Sometimes, all someone needs is someone to talk to.
- Help your teacher – Offer to hand out something to the class or do something to help them.
- Ask someone how their day is going – Asking someone about their day can make them feel cared for and happier.
- Pick up a piece of litter.
- Offer to help someone at home.

Why is being kind important?

Kindness is contagious! When you show kindness, it inspires others to do the same.

When you are kind to someone, it can help them to feel happy, it can brighten their day and boost their mood.

Kindness can help to make schools, homes and communities more welcoming and friendly. When people are kind, everyone feels more comfortable which can lead to better relationships and friendships.

In Coventry and Warwickshire, for any urgent mental health concerns, contact the **RISE Crisis Helpline** available 24/7, by calling NHS 111. Alternatively, call 999 or visit A&E in an emergency, for example if medical attention is required.

MHST are available to support you and your school throughout the school year including term time and school holidays.

Please contact your school's Mental Health Lead for information and advice.

COLLECTIVE WORSHIP

In collective worship this week, as part of Children's Mental Health Week, we have been exploring how we can look after our mental wellbeing. We have been learning about the different emotions linked to the Zones of Regulation and talking about what we can do if we find ourselves in the yellow, blue or red zones. The children have been thinking about strategies that can help them recognise their feelings and support themselves to move back into the green zone, where they feel calm, focused and ready to learn.

ZONES OF REGULATION

The ZONES of Regulation

Blue Zone	Green Zone	Yellow Zone	Red Zone
Sad Bored Tired Sick	Happy Focused Calm Proud	Worried Frustrated Silly Excited	Overjoyed/Elated Panicked Angry Terrified

E-SAFETY TIP OF THE WEEK :

Apps to help children stay safe online

The BBC has a website and app called [Own It](#). The website helps children navigate their online lives, and the free smartphone app comes with a special keyboard which can intervene with help and support in the moments that children need it the most. It can be downloaded for free in the Google Play Store and Apple App Store.

[Home - SafeToNet](#) is an app for parents to help them protect their children from online risks like cyberbullying and sexting, while respecting their child's rights to privacy.

Click on [Family Information Service](#) for a wide range of information to support families, or to request support.
