

Spring has definitely sprung and we have been loving that sunshine all week!

This week, our children had a fantastic time participating in a fun-filled Easter Egg Hunt! The children were thrilled to search high and low around the school grounds for hidden numbered eggs and even got a visit from the Easter Bunny! It was a wonderful way to celebrate the season and bring our school community together. A huge thank you to our amazing PTA for organising this delightful event, making it such a special and memorable experience for our little ones. We truly appreciate all the hard work and dedication that went into making the Easter celebrations a success!

As we approach the end of this term, we want to take a moment to wish all our families a safe and happy Easter break! We hope you enjoy this special time with your loved ones, filled with rest, fun, and plenty of opportunities to make wonderful memories. Whether you're relaxing at home or enjoying a family getaway, we look forward to welcoming everyone back refreshed and ready for the exciting adventures ahead in the Summer Term.

See you all soon!

Collective Worship

This week in collective worship, we have been exploring the story of Easter in a gentle and age-appropriate way. The children have been learning about the themes of love, hope, and new life, which are at the heart of the Easter message. Through songs, stories, and simple discussions, we've talked about how Easter is a time of celebration and kindness. We also reflected on the signs of spring around us, helping the children to connect the Easter story with the world they see every day.

BOOK OF THE WEEK

Title: Oi frog (Well the whole series)

Author: Kes Gray & Jim Field

Recommended by: Miss Requena

In Stripy Owls we all thoroughly enjoy reading the bestselling rhyming story *Oi Frog!* It's a very funny book filled with silly animals that make the children laugh. The story is packed with rhyming strings which make the children think as the frog comes up with new rules and other more unusual rhyming suggestions.

You will have to read the story to find out what happens and where the cat is allowed to sit. Better still, read all the series' 7 books (each continuing where the last book left off), to find out what happens in the end!

Mental Health in Schools Team Tips For Wellness

Challenge

Throughout our lives we are going to experience different challenges, both big and small. There will be times where these challenges are exciting and maybe other times where challenges could feel scary and uncertain. These different challenges will push us to try new things, build our resilience and teach us new things about ourselves and the world around us.

When taking on challenges, we learn that we can work towards goals, overcome any obstacles and be resilient even when something is difficult. A **growth mindset** can help us take on new challenges, it builds our confidence to have a go at things, increases our self-esteem and encourages us to keep trying, even if something doesn't work out the first time!

Our top tips for challenging ourselves:

- Set yourself some goals** you would like to reach this time next year (long term goals). Perhaps these can be things you've always wanted to do but never tried before. Break your goals down into medium-term goals and short-term goals (goals you can set to work towards the long-term goal in a few weeks or months).
- Ask for help** when needed. Challenging ourselves is not about getting through difficult times alone...sometimes we need a helping hand and that is okay!
- Push yourself out of your comfort zone** this week. You might want to try a new food, learn a new hobby, start a conversation with a different friend, or put your hand up in a lesson at school. Can you think of a **SMART goal** you would like to challenge yourself with this week? Follow the QR code to learn more about SMART goals.
- Read books** with characters who overcome challenges. What strategies did the characters use to push through them? Follow the QR code to a list of books that help children face challenges.

#ThanksKids recognises the efforts and kindness of children and young people, and thanks them with personalised #NHSStars certificates. If you know a child or young person that deserves recognition for going above and beyond, don't wait, nominate! thankskids@covwarknhs.uk

MHST are available to support you and your school throughout the school year including term time and school holidays.

E-SAFETY TIP OF THE WEEK :

Apps to help children stay safe online

The BBC has a website and app called [Own It](#). The website helps children navigate their online lives, and the free smartphone app comes with a special keyboard which can intervene with help and support in the moments that children need it the most. It can be downloaded for free in the Google Play Store and Apple App Store.

[SafeToNet](#) is an app for parents to help them protect their children from online risks like cyberbullying and sexting, while respecting their child's rights to privacy.
