This week, we welcomed Ofsted into school for our inspection. I am incredibly proud of our wonderful children and dedicated staff who showcased everything that makes our school such a special place. The children were fantastic throughout the visit, and our staff worked incredibly hard, demonstrating their commitment to providing the very best for every child. We look forward to sharing the outcome of the inspection with you as soon as we are able to. At present, the findings remain provisional and will undergo Ofsted's usual quality assurance process before the final report is published.

I would also like to say a heartfelt thank you to all our parents and families for your continued support, particularly for the lovely messages of encouragement we received during the inspection. They really were appreciated. We are very proud of our whole school community and grateful for the part you all play in making our school such a wonderful place.

On Monday, our Year Two children enjoyed an exciting and interactive Moon Landing workshop, where they learnt all about the historic Apollo 11 mission. This fantastic hands on experience brought their history learning to life, allowing the children to explore this significant event in greater depth. The children thoroughly enjoyed the activities and gained lots of new knowledge to support and enrich their learning in the classroom. Also on Monday, reception children enjoyed a visit from the Warwickshire Connect for Health team, learning all about the importance of looking after their teeth and keeping their mouths healthy. The children explored how to brush their teeth correctly and why good oral hygiene is important. It was a valuable experience that helped the children develop their understanding of healthy habits and how to look after themselves.

We ended the children's week on a creative note with our Vocabulary Day! Children and staff came to school dressed as an ambitious word, and it was fantastic to see such a wide range of imaginative costumes and vocabulary choices. Throughout the day, everyone enjoyed sharing their words, discovering new meanings and expanding their vocabulary in a fun and memorable way. It was a lovely way to celebrate our love of language and learning as we reached the end of a very busy half term!

Thank you for your ongoing support. Have a lovely half term everyone!

Flu Vaccinations

Dear Parents/Carers,

Following our recent Flu vaccination session on the 20th October 2026, the School-Aged Immunisation team want to inform you of a flu vaccination catch-up clinic:

Date: Wednesday 28th October, appointments from 10am-3pm
Venue: Wayside House, Coventry, CV6 6NY

Parents and carers of children who were not vaccinated due to absence, illness, refusal on the day, or because a consent form was not returned will receive a text message and/or email with information on how to book an appointment.

Alternatively, they can click on the below link to book an appointment:

Learning Behaviours

At Dunchurch Infants, we have a set of six learning behaviours which can be seen below. These learning behaviours reflect the key learning dispositions that we feel the children need to develop at an infant level, supporting the children to become successful lifelong learners. We have one focus learning behaviour each half term, which is shown within the newsletter, and is promoted as part of collective worship sessions and around school.

To make the learning behaviours appealing to the children, they are paired with an animal and broken down into child friendly statements that demonstrate what this may look like in practice. The learning behaviours are woven throughout our rewards systems. Children can earn Dojo Points and become the learner of the week when they have been spotted demonstrating the focus learning behaviour.

If you would like to know about particular allergens in foods, please ask a member of the catering team for information. If your child has a school lunch and has a food allergy or intolerance you will be asked to complete a form to ensure we have the necessary information to cater for your child. We use a large variety of ingredients in the preparation of our meals and due to the nature of our kitchens it is not possible to completely remove the risk of allergen cross contact.

caterlink feeding the imagination

ONLINE FOOD ALLERGEN & INTOLERANCE FORM

At Caterlink the safety of our pupils is our number one priority, and we take catering for customers with food allergies and intolerances very seriously.

The below information details how to complete our online form for pupils who require a special diet menu due to allergens, intolerances or medical conditions.

STEP 1 You can request a special diet menu by completing our online Allergy & Intolerance Form – CTL – Food Allergy & Intolerance Form V2

This needs to be submitted with supporting medical evidence from an NHS professional (a GP/consultant or registered dietitian). This can be a letter, copy of medical notes, an Allergy Action Plan signed by a medical professional or a screenshot from the NHS app. Medical evidence is an industry-wide requirement, recommended by the Lead Association for Catering in Education (LACA).

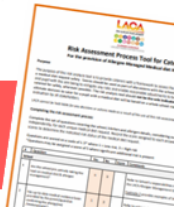

Please ensure that when you enter the school name that the unit number and postcode listed are correct for your school.

STEP 2 Whilst waiting to see if a special diet menu has been approved any children with food allergies or intolerances can be provided with a 'safe meal' – jacket potato with baked beans, vegetables and fresh fruit salad (if suitable for the pupil's allergies).

If you would like your child to have a 'safe meal' please let your school know.

STEP 3 The Caterlink team will review the request and check that it is safe to cater for using the LACA Special Diet Risk Analysis Process for Caterers where required. The risk analysis looks at the pupil's requirements, the medical evidence, the capability of the kitchen facilities and the school environment to determine if the request is low, medium or high risk.

STEP 4 If deemed safe to cater for by our Caterlink nutrition team will then develop the special diet menu, with at least one suitable meal option daily. This can take up to four weeks from receiving all of the information required.

Should your child's allergies or intolerances change, you should request the link from the school and choose 'Updated Request'.

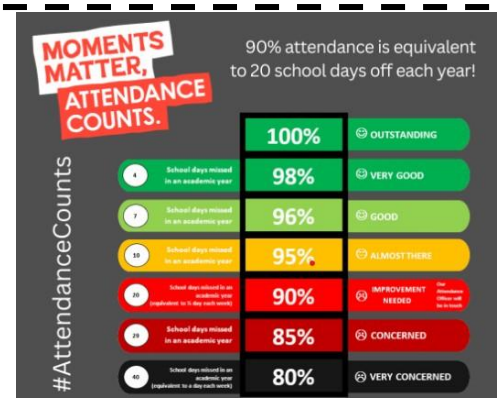

If your child has become allergic or intolerant to additional foods, please ring the school immediately and request a safe meal.

In Collective Worship this week …

During collective worship this week, we have been reflecting on our school values and exploring what they mean to us. We have encouraged the children to think about how they can put these values into action through their words, choices and actions, making a positive difference to those around them both in school and beyond.

Tips For Wellness
Mind and Body

Just as we look after our physical health, it's important to look after our mental health. In fact, the two are closely connected!

Most of us will know what it's like to feel worried, stressed or low from time to time. We might be affected by our relationships with friends and classmates or things we see on the news, and we might feel worried about school or our home lives (this is understandable!) Recognising how our mind health and physical health work together can keep us mentally healthy.

Our Tips for looking after your Mind and Body:

To ensure a healthy mind and body, why not try some of the activities below? Can you choose one from each category?

1. **Physical**- healthy eating with plenty of water, time away from technology and get fresh air where you can, regular exercise every day (e.g., walk to school or get off the bus a stop earlier, dance, or stretch), a consistent sleep schedule (children aged 6-12 years should aim for 9-12 hours sleep per night, adolescents should aim for 8-10 hours).
2. **Social**- spend quality time with friends and family, connect with others in person (as well as online), join a club or community group, reach out to others and don't be afraid to ask for help or offer support.
3. **Practical**- keep a daily routine to create structure and stability, use checklists to act as reminders and to hold yourself accountable, get ready for the day each morning, set yourself small and achievable goals to stay motivated.
4. **Emotional**- develop supportive friendships, write down three good things from your day, take time to do something relaxing every day, practise self-kindness (e.g., treat yourself how you would treat a friend!)

Scan the QR code for more ideas around keeping a healthy mind and body.

#ThanksKids recognises the efforts and kindness of children and young people, and thanks them with personalised #NHSStars certificates. If you know a child or young person that deserves recognition for going above and beyond, don't wait, nominate! **thankskids@covwarkpt.nhs.uk.**

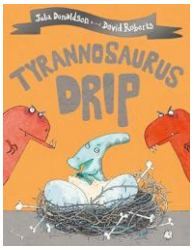

MHST are available to support you and your school throughout the school year including term time and school holidays.

Book of the week

Title: **Tyrannosaurus Drip**

Author: **Julia Donaldson**

Recommended by: **Mrs Pilbeam**

Tyrannosaurus Drip is a funny and exciting story about a dinosaur egg that ends up in the wrong nest. Drip is a duckbill dinosaur, but he grows up with a family of fierce Tyrannosaurs! He looks different from the others and finds it hard to fit in.

I liked this book because it is full of adventure and has colourful pictures. It teaches us that being different is okay and that everyone should be accepted for who they are. Drip is kind, brave, and clever, which makes him a great character.

My favourite part was when Drip finally meets other dinosaurs like himself and discovers where he belongs.

E-Safety tip of the week

This week's focus: Smart Speakers

Talk with your child about responsible use of your smart speaker

Discuss what is okay and not okay to use their smart speaker for. Talk about time limits and expectations of where the device can and cannot be used, this could include things like the speaker helping with homework or not adding items to shopping lists using the speaker.

Discuss what to do if something upsetting or worrying happens.

This could be to stop talking to it, leave the room and tell an adult.

Explore parental controls

Take a look at the controls available both on the speaker itself and on your home Wi-Fi. Talk these through with your child too. Parental controls are a helpful tool, but an open conversation with your child is the most important thing.
